

Biology/DPT

12 credits in the major and 9 credits in the minor must be completed at Alvernia University  
When pursuing a double major, you must have 12 distinct credits between the two majors.

Semester 1

Credits Semester 2

- Advanced Placement (AP) courses taken in high school, if accepted by undergraduate admissions upon entrance to the university, will be accepted as fulfilling the prerequisites for entrance to the DPT Program. These courses must appear on the undergraduate transcript.
- Non-science Prerequisites (statistics, social science, psychology) may be completed online. For science prerequisites (biology, chemistry, physics, anatomy and physiology), the lecture portion of each course may be taken online, but the laboratory portion of each course must be taken in a traditional laboratory setting.
